

## Streamline Your AP Process with MetaViewer AP Automation for Acumatica

# Efficiency Unlocked

Managing accounts payable manually can be time-consuming, error-prone, and costly. By integrating MetaViewer AP Automation with Acumatica ERP, businesses gain a smooth, automated workflow that eliminates inefficiencies and enhances financial visibility.

### ADDRESSING THE PAIN POINTS:

- **MANUAL DATA ENTRY & ERRORS**

Eliminate tedious data entry and reduce costly mistakes with Intelligent Recognition/OCR and automated bill capture.

- **APPROVAL BOTTLENECKS**

Accelerate bill approvals with digital workflows and role-based routing for faster processing.

- **LACK OF VISIBILITY & CONTROL**

Gain real-time insights into AP processes, track bill statuses, and ensure compliance with audit-ready documentation.

- **HIGH PROCESSING COSTS**

Reduce operational costs by automating invoice matching, approvals, and payments.

### WHY CHOOSE METAVIEWER

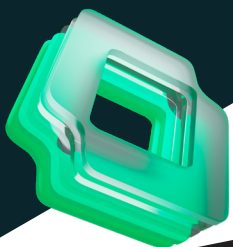

Cloud-based solution for accessibility and security

Improved financial control and AP efficiency

Proven AP Automation technology tailored for Acumatica users
